Intelligent transformation

Accomplishment
 greatest convention material
 replacement success

We've successfully transformed the traditional ply-wood backing Inner Center Panel wood based on the White Board Manufacturing to the THP® High-Density PS Compressed Foam Board with above 10mm of thickness.

CONSTRUCTION

Pure WHITE GPPS RESINS (HH30) RoHS Compliance extruded Polystyrene Compressed Foam Core Board w/o any coated or laminated on both surfaces.

CHARACTERISTIC

Ultra-Lightweight, Low Water Absorption, Smoothness & Flatness, Cost Effective and Great Conventional Materials Replacement with its diverse range of transformation.

APPLICATION

All creative and designing works esp. Advertising, Interior Decorating, Convention Trade Fair booth Making and etc, picture framing, Architectural modern making, Inner Center Panel / Backdrop and there are a lot more unbelievable projects waiting for you to discover together with us.
